

May 17, 2022

Public Posting of Proposed Method of Distribution  
Hurricane Harvey Regional Mitigation Program – Deep East Texas  
*(Jasper, Newton, Polk, Sabine, San Augustine, San Jacinto & Tyler Counties)*

To the Local Governments and Citizens of Deep East Texas,

Attached is the proposed Method of Distribution for the Deep East Texas Regional Mitigation Program (COG MOD). It can also be viewed online at: [www.detcog.gov/public-notice](http://www.detcog.gov/public-notice). The COG MOD determines allocations and certain guidelines for \$161,542,000 in mitigation funding allocated to our region by the Texas General Land Office for the benefit of communities that were included in the Hurricane Harvey Presidential Disaster Declaration.

It is important to note that this funding is specifically for mitigation activities. Mitigation activities are those activities that increase resilience to disasters and reduce or eliminate the long-term risk of loss of life, injury, damage to and loss of property, and suffering and hardship, by lessening the impact of future disasters.

We invite public comments on this proposed Method of Distribution. We have scheduled both an in-person public hearing and an online virtual public hearing on May 31, 2022. We will also receive written comments through June 2, 2022. See the attached Solicitation for Public Comment for information about the public hearings and the process for submitting written comments or questions.

17 de mayo de 2022

Publicación pública del método de distribución propuesto  
Programa Regional de Mitigación del Huracán Harvey – Este profundo de Texas  
*(Condados de Jasper, Newton, Polk, Sabine, San Augustine, San Jacinto y Tyler)*

A los Gobiernos Locales y Ciudadanos del Profundo Este de Texas,

Se adjunta el método de distribución propuesto para el Programa Regional de Mitigación del Este Profundo de Texas (COG MOD). También se puede ver en línea en: [www.detcog.gov/public-notice](http://www.detcog.gov/public-notice). El COG MOD determina asignaciones y ciertas pautas para \$161,542,000 en fondos de mitigación asignados a nuestra región por la Oficina General de Tierras de Texas para el beneficio de las comunidades que se incluyeron en la Declaración Presidencial de Desastre del Huracán Harvey.

Es importante señalar que este financiamiento es específicamente para actividades de mitigación. Las actividades de mitigación son aquellas actividades que aumentan la resiliencia ante los desastres y reducen o eliminan el riesgo a largo plazo de pérdida de vidas, lesiones, daños y pérdidas de propiedad, sufrimiento y privaciones, al disminuir el impacto de futuros desastres.

Invitamos a los comentarios públicos sobre este método de distribución propuesto. Hemos programado una audiencia pública en persona y una audiencia pública virtual en línea para el 31 de mayo de 2022. También recibiremos comentarios por escrito hasta el 2 de junio de 2022. Consulte la Solicitud de comentarios públicos adjunta para obtener información sobre las audiencias públicas y el proceso. para enviar comentarios o preguntas por escrito.

## Deep East Texas Council of Governments

### Solicitation for Public Comment

Notice is hereby given that the Deep East Texas Council of Governments (DETCOG) is seeking input on the Method of Distribution (MOD) for \$161,542,000.00 in Community Development Block Grant Mitigation ("CDBG-MIT") funds to provide financial assistance for necessary expenses for mitigation activities related to risk reduction for hurricanes, tropical storms and depressions, and flooding, wind, and other hazards to develop disaster-resistant infrastructure; upgrading of water, sewer, solid waste, communications, energy, transportation, health, and medical, and other public infrastructure to address specific, identified risks; financing multi-use infrastructure; and green or natural mitigation infrastructure development. The funds are to be used in the most impacted and distressed areas resulting from Presidentially declared disasters related to Hurricane Harvey in 2017. The Preliminary MOD can be viewed at: [www.detcog.gov/public-notice](http://www.detcog.gov/public-notice). Written and oral comments regarding the MOD will be taken at public hearings scheduled for the following dates, times, and locations:

**Virtual Public Hearing:** Tuesday, May 31, 2022, at 2 p.m.

Link to join meeting (for video and audio): <https://meet.goto.com/DETCOG-MEETING/mit>

Optional dial-in numbers (for audio only): (Toll Free): (877) 309 2073 Or: (646) 749-3129

Access Code: 832-983-365

**In Person Public Hearing:** Tuesday, May 31, 2022, at 6 p.m. at the Tyler County Senior Citizens Center, 201 Veterans Way, Woodville, TX 75979

**Written comments must be received by DETCOG by 4:30 p.m. on Thursday, June 2, 2022:**

By mail to: Attn: Bob Bashaw, DETCOG Regional Planner, 1405 Kurth Drive, Lufkin, Texas 75904

By email to: [Bob.Bashaw@detcog.gov](mailto:Bob.Bashaw@detcog.gov)

DETCOG will provide for reasonable accommodations for persons attending DETCOG functions. Requests from persons needing special accommodations should be received by DETCOG staff 24-hours prior to the function. The public hearing will be conducted in English and requests for language interpreters or other special communication needs should be made at least 48 hours prior to a function. Please call (936) 634-2247 or email [Bob.Bashaw@detcog.gov](mailto:Bob.Bashaw@detcog.gov) for assistance. For information about this posting, please call (936) 634-2247.

### Solicitud de Comentario Público

Por la presente se notifica que el Consejo de Gobiernos del Este Profundo de Texas (DETCOG) está solicitando información sobre el Método de Distribución (MOD) de \$161,542,000.00 en fondos de Mitigación de Subsidios en Bloque para el Desarrollo Comunitario ("CDBG-MIT") para proporcionar asistencia financiera para los gastos necesarios para actividades de mitigación relacionadas con la reducción del riesgo de huracanes, tormentas tropicales y depresiones, inundaciones, vientos y otros peligros para desarrollar infraestructura resistente a los desastres; mejora de agua, alcantarillado, residuos sólidos, comunicaciones, energía, transporte, salud y médica, y otras infraestructuras públicas para abordar riesgos específicos identificados; financiación de infraestructura de usos múltiples; y desarrollo de infraestructura de mitigación verde o natural. Los fondos se utilizarán en las áreas más afectadas y afligidas como resultado de los desastres declarados por el presidente relacionados con el huracán Harvey en 2017. El MOD preliminar se puede ver en: [www.detcog.gov/public-notice](http://www.detcog.gov/public-notice). Los comentarios escritos y orales sobre el MOD se tomarán en las audiencias públicas programadas para las siguientes fechas, horas y lugares:

**Audiencia Pública Virtual:** martes 31 de mayo de 2022, a las 2 p.m.

Enlace para unirse a la reunión (para video y audio): <https://meet.goto.com/DETCOG-MEETING/mit>

Números de marcado opcionales (solo para audio): (Número gratuito): 1 (877) 309 2073 O: 1 (646) 749-3129

Código de acceso: 832-983-365 Audiencia

**Pública Presencial:** martes 31 de mayo de 2022, a las 6 p.m. en el Centro de Ciudadanos Mayores del Condado de Tyler, 201 Veterans Way, Woodville, TX 75979

**Los comentarios escritos deben ser recibidos por DETCOG antes de las 4:30 p.m. el jueves, 2 de junio de 2022:**

Por correo postal a: Attn: Bob Bashaw, DETCOG Regional Planner, 1405 Kurth Drive, Lufkin, Texas 75904

Por correo electrónico a: [Bob.Bashaw@detcog.gov](mailto:Bob.Bashaw@detcog.gov)

DETCOG proporcionará adaptaciones razonables para las personas que asisten a las funciones de DETCOG. Las solicitudes de personas que necesitan adaptaciones especiales deben ser recibidas por el personal de DETCOG 24 horas antes de la función. La audiencia pública se llevará a cabo en inglés y las solicitudes de intérpretes de idiomas u otras necesidades especiales de comunicación deben realizarse al menos 48 horas antes de una función. Llame al (936) 634-2247 o envíe un correo electrónico a [Bob.Bashaw@detcog.gov](mailto:Bob.Bashaw@detcog.gov) para obtener ayuda. Para obtener información sobre esta publicación, llame al (936) 634-2247.

**Texas General Land Office**

State of Texas CDBG Mitigation Regional Mitigation Program  
MIT COG MOD Summary

Delivered to the GLO:

Approved by the GLO

**Council of Governments: Deep East Texas (DETCOG)**

**Allocation Calculation Sheet Packet Page Numbers: 9, 10, 11**

**HUD MID and State MID Allocations**

HUD MID Total	\$127,970,000
State MID Total	\$ 33,572,000
<b>Grand Total COG Allocation</b>	<b>\$161,542,000</b>

Table 1

**Funding Limits**

Minimum Amount Waiver Requested	Yes	
Minimum Amount	\$500,000	
Maximum Amount	None	

Table 2

**Regional Risk Mitigation**

Explain how the method of distribution reduces regional risks, how it will foster long-term community resilience that is forward-looking and encourages the prioritization of regional investments with regional impacts in risk reduction for hurricanes, tropical storms and depressions, and flooding in the HUD-identified and State-identified most impacted and distressed areas.

In recent history, few regions in the United States have suffered from more natural disasters than Deep East Texas. Our region has been devastated by multiple hurricanes, tropical storms, and riverine flooding events. This includes four of the 11 costliest hurricanes in U.S. history: Katrina (2005), Harvey (2017), Ike (2008), and Rita (2005). Presidential disaster declarations were issued for all 12 of our counties for flooding in 2016, and 11 of the 12 counties for flooding in 2015. Newton County was particularly hard hit and was designated as “most impacted” by HUD in 2016. All or significant parts of seven Deep East Texas counties were designated as “most impacted” by HUD as a result of Hurricane Harvey. One veteran county judge in the region reports that since he took office in 2007, his county has been under at least 11 Governor’s disaster declarations and eight Presidential declarations.

Even when our region does not suffer a direct hit from a storm, we often are severely impacted by mass evacuations from the neighboring Houston-Galveston and Beaumont-Port Arthur coastal regions.

### *Regional Risk Mitigation, continued...*

To increase our resiliency to withstand and recover from these disasters in the future, major improvements are required in traditional infrastructure including drainage systems, roads and bridges, water and sewer systems, and emergency facilities.

This region also has tremendous needs in the area of communications. Communication is vital for both emergency preparedness and disaster recovery. Communications issues are magnified during an emergency situation when public officials are trying to provide timely information to residents, and many residents are seeking information or assistance to evacuate. Law enforcement and first responders are at increased risk because of their inability to directly communicate with each other. Deep East Texas has experienced all these issues with each disaster that has occurred. To achieve an acceptable level of resiliency, improvements are needed in two specific areas: (1) Broadband; and (2) Interoperable Public Safety Radio Communications.

Broadband is no longer a luxury, but a necessity. Without it our citizens are isolated during and after a disaster. Businesses, local governments, and service organizations which are important to disaster recovery cannot function efficiently without internet connectivity. Broadband is a basic building block of the future. The lack of it negatively impacts every aspect of our life in Deep East Texas, from public safety to economic development and job creation to education and healthcare. A major study commissioned by DETCOG found Deep East Texas is severely lacking in broadband availability compared to the rest of the state and nation. This is a region that suffers from historically low incomes, high poverty, poor health outcomes and low educational attainment. The lack of broadband exacerbates these problems.

The region's lack of interoperable public service radio communications is also well documented. Law enforcement officers and first responders working across our vast rural region often have poor communication with their agencies and no interoperable communications to connect them to other agencies. This is a significant problem every day in Deep East Texas, but it becomes an even larger issue when our region is dealing with a major disaster, and when thousands of evacuees from the upper Texas coast are travelling to or through our region to flee an oncoming hurricane.

#### **This Method of Distribution:**

- (1) Allocates \$105,542,000 (65.33% of available funding) to local jurisdictions, including seven counties, 13 cities, and the Alabama-Coushatta Tribe of Texas. Thus each community has the ability to implement mitigation projects that meet its own unique needs.
- (2) Sets aside \$56,000,000 (34.67% of available funding) for large regional projects that address two longstanding vulnerabilities of the region: broadband infrastructure and interoperable public safety communications. Both are essential to mitigate the impact of future disasters and make the entire region more resilient.
- (3) Allows all eligible activities, thus providing local jurisdictions maximum flexibility to identify needs and carry out projects designed to make their communities more resilient. Citizens are most engaged and best served when these decisions are made locally.
- (4) Creates separate funding formulas for HUD- and State-identified most impacted and distressed (MID) areas. In accordance with the State Action Plan, approximately 79% of available funding is allocated to HUD-MID areas and 21% is allocated to State-MID areas.

Table 3

### Distribution Factors

The COG has selected the following distribution factors:

Distribution Factor*	Weight	Documentation Source	Explanation of Factor Selection and Weighting
Population	.333%	2019 American Communities Survey	Ensures equitable distribution of funds to benefit residents of the impacted areas. Equal weighting with other factors.
Percentage of LMI Population	.333%	2011-2015 American Communities Survey (data provided by GLO)	Meets requirement to use objective, replicable, and verifiable data that accounts for vulnerable populations. Equal weighting with other factors.
Composite Disaster Index	.333%	Center for Space Research at UT Austin (data provided by GLO)	Meets requirement to use objective, replicable, and verifiable data that accounts for potential impacts from future disasters. CDI is the best gauge of risks posed by various natural hazards. Equal weighting with other factors.

Table 4

*\*Add more rows if needed*

### Threshold Factors

If any, please describe threshold factors that were used to allocate funds.

Threshold Factor*	Documentation Source	Explanation of Factor Selection
Not Applicable		

Table 5

*\*Add more rows if needed*

## Eligible Activities

Activities must meet the criteria outlined in the Regional Mitigation Program (COG MODs) section of the State of Texas CDBG Mitigation Action Plan.

The COG has addressed prioritization of eligible activities as follows:

<input checked="" type="checkbox"/>	The COG has chosen not to limit subrecipients in the region to projects meeting regional priority activities.		
<b>-OR-</b>			
<input type="checkbox"/>	The COG has limited subrecipients in the region to selecting projects meeting the following regional priority activities:		
<input type="checkbox"/>	Flood control and drainage improvement, including the construction or rehabilitation of stormwater management systems	<input type="checkbox"/>	Water and sewer facilities
<input type="checkbox"/>		<input type="checkbox"/>	Communications infrastructure
<input type="checkbox"/>		<input type="checkbox"/>	Provision of generators
<input type="checkbox"/>	Natural or green infrastructure	<input type="checkbox"/>	Removal of debris
<input type="checkbox"/>	Public Facilities (shelter, library, etc.)	<input type="checkbox"/>	Streets or bridges
<input type="checkbox"/>	Economic development (assistance to businesses for the installation of disaster mitigation improvements and technologies; financing to support the development of technologies, systems and other measures to mitigate future disaster impacts; “hardening” of commercial areas and facilities; and financing critical infrastructure sectors to allow continued commercial operations during and after disasters)	<input type="checkbox"/>	Other infrastructure improvements
<input type="checkbox"/>		<input type="checkbox"/>	Public Services ( <i>within the 15% cap</i> )
<input type="checkbox"/>		<input type="checkbox"/>	FEMA Hazard Mitigation Grant Program (HMGP) cost share for CDBG-MIT eligible project
<input type="checkbox"/>		<input type="checkbox"/>	Buyouts or Acquisitions with or without relocation assistance, down payment assistance, housing incentives, or demolition
<input type="checkbox"/>		<input type="checkbox"/>	Activities designed to relocate families outside of floodplains

## Ineligible Activities

Ineligible activities are outlined in the Regional Mitigation Program section of the State of Texas CDBG Mitigation Action Plan, as amended, and should be referenced accordingly.

## Covered Projects

A Covered Project is defined as an infrastructure project having a total project cost of \$100 million or more, with at least \$50 million of CDBG funds, regardless of source (CDBG-DR, CDBG-MIT, or CDBG). Covered projects included in the Regional Mitigation Program must meet specific criteria set forth by HUD's CDBG-MIT Notice 84 FR 45838 (August 30, 2019) and the State of Texas Mitigation Action Plan. Inclusion of a Covered Project in the MOD does not guarantee funding until a full eligibility review is completed and the subsequent action plan amendment receives HUD approval.

Will the Method of Distribution include a Covered Project?

<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
------------------------------	--

Table 7

**If yes, please provide the following information:**

- The eligible entity benefitting from the project;
- A description of the project and how it meets the definition of a mitigation activity; and
- The cost of the Covered Project.

Not applicable
----------------

Table 8

## Low-and Moderate-Income Requirements

Below is the strategic plan of how the method of distribution meets the minimum 50 percent low- and moderate income (LMI) requirement.

We encourage all jurisdictions to consider the needs of LMI households as they develop projects and strive to meet the 51 percent LMI objective on all projects. Entities receiving the largest allocations have the flexibility to develop multiple projects to ensure the LMI objective is achieved. We use the following methodology to ensure more than 50% of the funding will meet the LMI objective.

- The largest single award is the set-aside for regional broadband and interoperable radio projects. A preliminary analysis determined that the regional broadband project can be targeted to meet the LMI objective. Therefore at least \$47,250,000 of the regional set aside is required to meet the LMI objective, allocated proportionately between HUD-MID and State-MID areas served by the project.
- All jurisdictions receiving a combined allocation exceeding \$1,750,000 are required to expend at least 35% of their allocation on LMI projects.

Table 9

## Public Hearing Information

The Action Plan requires at least one Public Planning Meeting prior to submitting the Preliminary MOD to the GLO for review and one Public Hearing before submission of the Preliminary MOD to GLO for final approval. If the COG holds multiple outreach activities, please contact the GLO for additional documentation forms.

Meeting Type	Public Planning Meeting	MOD Public Hearing
Date(s):	January 13, 2022, at 7:00 pm	To be set after preliminary approval of MOD
Location(s):	Tyler County Senior Citizens Center 201 Veterans Way Woodville, Texas	To be set after preliminary approval of MOD
Total Attendance:	17	

See information in "Solicitation of Public Comment" above

Table 10

*Direct Notice.* As required, personal notice was sent to eligible entities at least **five (5)** days in advance of the public hearing using the following method(s) (at least one must be selected):

Method	Public Planning Meeting	MOD Public Hearing
	Date(s) Sent	Date(s) Sent
<input checked="" type="checkbox"/> Email	1-7-2022	
<input checked="" type="checkbox"/> Fax	1-6-2022	
<input type="checkbox"/> Hand Delivery		
<input checked="" type="checkbox"/> Certified Mail	1-5-2022	

Table 11

*Website Notice.* As required, public notice was posted on the COG website at least **five (5)** days in advance:

<b>Website Notice</b>	<b>Public Planning Meeting</b>	<b>MOD Public Hearing</b>
Date(s)	12-29-2021	

Table 12

*Published Notice.* As required, notice of the public hearing was published in at least one regional newspaper at least **three (3)** days in advance. Notice of the public hearings were published in the following regional newspaper(s):

<b>Newspaper Name</b>	<b>Public Planning Meeting</b>	<b>MOD Public Hearing</b>
	Date Published	Date Published
Polk County Enterprise (Polk County)	1-6-2022	
Kirbyville Banner (Jasper County)	1-5-2022	
Newton County News (Newton County)	1-5-2022	
San Augustine Tribune (San Augustine County)	1-6-2022	
Sabine County Reporter (Sabine County)	1-6-2022	
San Jacinto News-Times (San Jacinto County)	1-6-2022	
Tyler County Booster (Tyler County)	1-6-2022	

Table 13

## Public Comment Period

Provide the dates of the public comment period for the COG MOD.

*Start Date:	12-29-2021	End Date:	Ongoing	No. of Days:	
--------------	------------	-----------	---------	--------------	--

Table 14

\* DETCOG began accepting public comments on 12-29-2021 and will keep the public comment period open until a date to be determined after DETCOG receives preliminary approval of the MOD from TxGLO. The preliminarily approved MOD will be posted for public viewing for at least 15 days and the public comment period will not close until after that 15-day period.

## Citizen Participation

Describe how the COG conducted their citizen and non-governmental organization outreach, including any efforts exceeding GLO minimum public participation requirements. These efforts should comply with the Citizen Participation Plan provided to the GLO.

-- DETCOG conducted a Public Planning Meeting and solicited written comments by mail or email. A bilingual Public Notice was emailed, faxed, and/or mailed to the following persons and organizations within the seven-county Harvey Disaster Area with the request that it be posted on their public bulletin boards:  
 Counties, Cities, School Districts, Public Housing Authorities; Members of the Texas Legislature; Texas Health and Human Services offices in Sabine, Tyler and Polk Counties; Tri-County Community Action; Burke (regional mental health authority); Floodplain Administrators, Public Works Departments, Emergency Management Coordinators, River Authorities, Conservation Groups, Historical Preservation Groups, and 86 Churches.

-- The bilingual Public Notice was posted on the DETCOG website and social media pages, and in the Texas Register at the Texas Secretary of State website.  
-- The bilingual Public Notice was published in local newspapers in each of the seven disaster counties: San Augustine, Sabine, Newton, Jasper, Tyler, Polk, and San Jacinto Counties..

Table 15

*Accommodations.* Describe any efforts to notify and accommodate those with modified communication needs, such as posting information and providing interpretive services for persons with Limited English Proficiency and for people with hearing impairments or other access and functional needs (ADA compliance).

The bilingual Public Notice which was widely distributed included the following notifications:

*DETCOG will provide for reasonable accommodations for persons attending DETCOG functions. Requests from persons needing special accommodations should be received by DETCOG staff 24-hours prior to the function. The public hearing will be conducted in English and requests for language Interpreters or other special communication needs should be made at least 48 hours prior to a function. Please call (936) 6342247 for assistance. For information about this posting, please call (936) 634-2247.*

*DETCOG proporcionará adaptaciones razonables para las personas que asistan a las funciones de DETCOG. Las solicitudes de personas que necesiten adaptaciones especiales deben ser recibidas por el personal de DETCOG 24 horas antes de la función. La audiencia pública se llevará a cabo en inglés y las solicitudes de intérpretes de idiomas u otras necesidades especiales de comunicación deben realizarse al menos 48 horas antes de una función. Llame al (936) 634-2247 para obtener ayuda. Para obtener información sobre esta publicación, llame al (936) 634-2247.*

Table 16

## **Affirmatively Furthering Fair Housing (AFFH) Statement**

All subrecipients will certify that they will affirmatively further fair housing (“AFFH”) in their grant agreements and will receive GLO training and technical assistance in meeting their AFFH obligations. Additionally, all project applications will undergo AFFH review by GLO before approval of projects. Such review will include assessment of a proposed project’s area demography, socioeconomic characteristics, housing configuration and needs, educational, transportation, and health care opportunities, environmental hazards or concerns, and all other factors material to the AFFH determination. Applications should show that projects are likely to lessen area racial, ethnic, and low-income concentrations, and/or promote affordable housing in low-poverty, nonminority areas in response to natural hazard related impacts.

## **Reallocation of Declined Funds**

Subject to GLO approval, the following process will be used to reallocate any declined funds:

1. Any funds that were allocated to a City or Indian Tribe that are declined as part of the MOD creation process will be reallocated to the County where the City or Indian Tribe is located. It is not necessary to reallocate a County’s declined funds to a City because the County already has the ability to fund projects within any of its Cities.

### \* FOOTNOTES

Minimum allocation is \$500,000. Within each County, If a local jurisdiction's formula allocation is at least two-thirds of the minimum allocation, funds are moved from the County's allocation to provide that jurisdiction with the required minimum.

If a local jurisdiction's formula allocation is less than two-thirds of the minimum allocation, the funds for that jurisdiction are rolled into the County's allocation. Counties have the option of carrying out projects in both unincorporated and incorporated areas.

A - Jurisdiction received additional funds from the County's allocation to reach minimum allocation amount.

B - Jurisdiction's allocation was less than two-thirds of minimum allocation amount; funds were rolled into County's allocation.

C - Population Source: 2019 American Communities Survey (US Census Bureau)
